Scottish Legal Education Trust

The Scottish Legal Education Trust seeks to promote the advancement of education of the public in all aspects of Scots law, the legal system and the provision of legal services by the dissemination of knowledge and understanding through books, journals and publications or other suitable means. It aims to make these available to interested persons, including the legal profession and advisory groups.

The Trust has previously supported or contributed towards the publishing and promotion of textbooks, leaflets, individual events or projects. Support can be in the form of a loan, grant or underwriting of the cost of a project, and may be for the whole or part of the cost involved.

Preference for funding is given to projects which are intended to produce a profit and can help increase the resources of the Trust, but which might not be able to proceed to completion without some form of financial support along the way. The Trust welcomes donations which would allow it to increase the amount of assistance it can provide.

Applications for support should describe what is proposed, the intended benefits of the project, the reasons for seeking Trust support and a projected budget which shows all other sources of financial support (whether financial or in kind), and, if appropriate, projected future profits. Where only part of the cost of the project is involved then any particular aspect which would be supported by the Trust should be identified. It would be a condition of any support that there was an express acknowledgement of the role of the Trust.

Requests for further information, applications for support or donations should be sent to:

Robert Sutherland, Advocate,
Secretary,
Scottish Legal Education Trust,
Parliament House,
Edinburgh
EH1 1RF

The Scottish Legal Education Trust is recognised by the Inland Revenue as a charity in Scotland. Charity No. SC 15996. Registered Office: 52 Crossgate, Cupar, Fife KY15 5JX.
